We knew she was good,  
but now we know she's the best.

**FFG Partner Judith D. Grimaldi** is one of a small number of elder law attorneys chosen by other top attorneys throughout the U.S. as one of The Best Lawyers in America. The process for achieving this recognition is quite rigorous and highly confidential, and the resulting publication is considered the gold standard of reliability and integrity in lawyer ratings. Please join us in congratulating Judie.
